THE HAI KARATE CODE

(QUOTE ALDID WHEREVER YOU APPLY HAI KARATE AFTER SHAVE OR COLONNE)

- Pledging that the use of *Hai Karate* gives an overweening power over women not shared by ordinary men, I hereby pledge myself to the spirit of man the world over who hold an unfair advantage in the *Hai Karate* to the following code:
1. I shall never allow the raw power of my *Hai Karate* to overwhelm, through my carelessness, any member of the opposite sex to whom my interests are not immediate and completely sincere, thereby preventing random tests and hooding of hearts.
 2. I resolve to not use my amazing powers unthinkingly, except in case of extreme necessity, when all other means at my disposal, to attract a female's attention (personal charm, good looks, witty intelligence, butterfly collection, etc.) have failed to produce the desired result.
 3. Although I have before using *Hai Karate*, memorized certain basic self-defense maneuvers to ward off over-aggressive women, I promise to use these maneuvers only as a last resort, to avert physical harm to myself and others.
 4. Finally, I recognize and accept my responsibility to use *Hai Karate* in a sane and sensible manner at all times and never in the presence of over-emotional women or in an area where state and local ordinances prohibit it's use.
